

15th

European Research Conference on Electromagnetic Interactions with Nucleons and Nuclei

● 29 October - 04 November 2023

● Annabelle Hotel, Paphos, Cyprus

- **Preconference: 29 - 30 October 2023**
Frontiers and Careers in Photonuclear
Physics – skill development and talks for students

- **Main conference:**
31 October – 04 November 2023

EINN2023

■ Conference Topics

- Nucleon form factors and low-energy hadron structure
- Partonic structure of nucleons and nuclei
- Precision electroweak physics and new physics searches
- Meson structure
- Baryon and light-meson spectroscopy
- Nuclear effects and few-body physics

■ Parallel Workshops

- QCD at the EIC: Experimental Opportunities and Detector Challenges
- QCD analysis of nucleon structure

■ Poster Session

We invite you to submit abstracts for talks at the workshops and for the poster session. Contributions not selected for talks will be given the option of a poster presentation.

There will be a poster prize for the three best posters, which will also be promoted for a plenary talk at the conference.
